

MUSEUM PROGRAM FOR FALL 2020

SIDEWALK SCIENCE is a “pop up” museum program of JJs Playhouse Children’s Museum & Gym. We will “pop up” at various locations and teach various themes to small groups, socially distanced, on the sidewalk. Topics will include:

- Exploring Earth: Rising Sea *Spanish!*
- Exploring Earth: Land Cover *Spanish!*
- Exploring Earth: Temperature Mapping *Spanish!*
- Exploring the Solar System: Hide and Seek Moon *Spanish! Early Childhood,*
- Exploring the Solar System: Observe the Sun *Spanish!* Tactile Sun sheets
- Exploring the Solar System: Pocket Solar System *Spanish!*
- Exploring the Solar System: Stomp Rockets *Spanish!*
- Sounding Rockets poster *Spanish!*
- Exploring the Universe: Filtered Light *Spanish!*
- Exploring the Universe: Expanding Universe *Spanish!*
- Exploring the Universe: Space Guess Quest Game *Spanish!*
- Objects in Our Universe poster *Spanish!*
- Exploring the Universe: Static Electricity *Spanish!*

- Exploring Earth: Bear’s Shadow **Early Childhood**
- Exploring Earth: Investigating Clouds
- Exploring the Solar System: Asteroid Mining *New*
- Exploring the Solar System: Design, Build, Test *New*
- Exploring the Solar System: Mission to Space *New Game*
- Exploring the Universe: Nebula Spin Art *New*
- Exploring the Universe: Orbiting Objects
- Exploring the Universe: Star Formation *New*
- Exploring Science Practice Skills: Early Explorations *New Early Childhood*

Learning has taken on a new twist in 2020. Less classroom time thanks to Covid-19. But, we’re excited to give kids an outlet from the computers and desks and parents a break from teaching and facilitating a Science lesson.

SIDEWALK SCIENCE will begin in September (pending Covid-19 numbers) and we will present this informal hands on learning experience to a small group of 10 kids on a Tuesday or Wednesday during the months of September and October. Interactive experiences will begin at 11:00 and conclude at or before 12:00.
