

ZONING STIPULATIONS

- Rezoning of the Subject Property shall be from the R-20 zoning category (Cobb County) to the Medium Density Residential ("MDR") zoning category (City of Powder Springs) with reference to the certain revised Rezoning Plan prepared for Tombarin Realty Services, LLC by Elite Engineering dated and last revised May 13, 2005.
- The 22.4 acre tract (hereinafter "Subdivision") shall be developed for a single-family residential community containing a maximum of fifty-three (53) units for a maximum net density of 2.5 units per acre.
- All residences constructed in the proposed Subdivision shall be traditional and craftsman in style and architecture.
- Homes within the proposed Subdivision shall have the following minimum floor areas of heated and cooled living space:
 - A maximum of ten (10) homes shall be between 2,500 square feet and 3,000 square feet and
 - the balance and remainder of the homes shall be greater than 3,000 square feet.
- The facades of the residences within the proposed Subdivision shall be brick, stone, stacked stone, stucco-type, masonry siding, cedar shake shingles, or combinations thereof. Further, a minimum of fifty percent (50) percent of the residences shall have front elevations comprised entirely of brick or stone accents. No elevation within the proposed Subdivision shall have two-car garages.
- Applicant agrees that all residences within the proposed Subdivision shall have side or rear entry garages. A minimum of seventy-five (75) percent of the residences shall have side or rear entry garages. Applicant agrees that these shall be no split-foyer plans within the proposed Subdivision; nor shall there be any vinyl siding placed on the exterior of the residences.
- All lots in the proposed Subdivision shall have the following building setbacks:
 - Front setback - Thirty-five (35) feet;
 - Rear setback - Thirty (30) feet; and
 - Side setback - Ten (10) feet.
 (Minimum thirty-five (35) feet for corner lot) (By this Application for Change in Stipulations, the side setback is reduced to five (5) feet; with twenty (20) feet maintained between structures (homes)).
- All front and side yards of the residences to be constructed within the proposed Subdivision shall be sodded.
- The entrance to the proposed Subdivision shall be ground-based, monument style signage and shall be heavily and professionally landscaped; and shall be irrigated.
- Applicant agrees to the creation of a mandatory homeowners association consistent with up-scale communities within the area. The mandatory homeowners association shall be responsible for the upkeep and maintenance of all common areas, including the amenity and entrance areas, contained within the proposed Subdivision.
- Additionally, and in conjunction with the creation of the mandatory homeowners association, Applicant agrees to the recording and enforcement of protective covenants which will contain covenants, rules, and regulations applicable to the proposed Subdivision, in perpetuity, which shall include a provision requiring a third-party management company which shall be responsible for the upkeep and maintenance of all common areas, in-ground irrigation system, landscaped areas, and amenity area within the proposed Subdivision. Applicant agrees to submit to the Mayor and Council approval for review the protective covenants for the proposed subdivision. The Mayor and Council shall have the right to approve such covenants, which approval may not be unreasonable with the approval is required prior to the issuance of building permits for the homes to be constructed, excepting only, any model homes.
- Further, Applicant, together with any subsequent developer or builder, agrees to strictly enforce the provisions of the above-referenced covenants until turnover of the homeowners association to the future homeowners. During control by the developer, a minimum of one resident from the proposed Subdivision shall be a member of the Board of Directors with annual meetings to be conducted.
- Amenities within the proposed Subdivision shall consist of a clubhouse, the exterior of which shall be consistent of that specified for the homes. The clubhouse will be a minimum of 1,500 square feet, furnished, and include a kitchen (per Council approval on May 18, 2005).
- The utilities servicing the residences within the proposed Subdivision shall be underground.
- Applicant agrees that it shall allocate the sum of \$10,000 to the mandatory homeowners association, which sum shall be deposited into the homeowners association account at the turnover of the association. This sum shall be in addition to any sums then remaining in said account of the association. This sum shall be in addition to any sums then remaining in said account of the association. This sum shall be in addition to any sums then remaining in said account of the homeowners association.
- Applicant agrees that upon turnover of the association, there shall be no debt incurred to the homeowners association.
- Any lots not built upon within a period of seven (7) years of permitting of the proposed Subdivision shall be deemed to be the homeowners association.
- Applicant agrees to the construction of sidewalks on at least one side of all streets within the proposed Subdivision.
- There shall be a natural, undisturbed buffer, supplemented by evergreen plant materials, as appropriate, along the rear lot line of every perimeter lot within the proposed Subdivision. The existence of said buffer area in each lot shall be preserved, in perpetuity, by placing a covenant within the warranty deed to subsequent homeowners concerning its existence which shall be recorded in the Deed Records of the Superior Court of Cobb County, Georgia. This perimeter buffer shall be a minimum of twenty (20) feet in width (per Council approval on May 18, 2005).
- Applicant agrees to all transportation improvements recommended by the Cobb County Department of Transportation and the City of Powder Springs Public Works Department, said improvements to be provided at no cost to either the City of Powder Springs or Cobb County.
- Applicant agrees that if the builder for the homes within the proposed Subdivision should change, then such builder shall be approved by the Mayor and City Council for the City of Powder Springs.
- Applicant agrees to comply with all City of Powder Springs model Stormwater Management requirements applicable to the Subject Property.
- Applicant agrees to comply with all City of Powder Springs development standards and ordinances relating to project improvements, including all newly adopted model ordinances and the time of zoning approval, except as approved by the Mayor and City Council.
- Applicant agrees to abide by the City of Powder Springs Stormwater Ordinance.

ADDITIONAL STIPULATIONS

- There shall be a covenant which prohibits fencing in the side yard at any point between the rear of the dwelling and the right-of-way of the street used to access the lot.
- Side entry driveways shall have raised or sloped curbing located on that portion of the driveway which forms the turnaround adjacent to the side yard lot line.
- The side yard setback for the proposed homes shall be a minimum of five (5) feet; and a minimum of twenty (20) feet shall be maintained between structures/homes.
- New Vilion Communities, LLC shall be the approved builder.
- Homes to be constructed within the proposed subdivision shall be consistent with the photographs on file with the City of Powder Springs Planning & Zoning Department as part of this Application; and in addition, specific home elevations shall be submitted to the City of Powder Springs Planning & Zoning staff prior to the issuance of residential construction permits to ensure consistency with the submitted photographs.
