The Mayor and Council body asked if there were public restrooms in the main corridor; are there natural lighting in the main corridor; how big is the lobby area, where are the stairwells; will there be any use of wallpaper; and what materials are surrounding the columns in the lobby. The Design Team replied that there are public restrooms in the main corridor; there are three large windows in the lobby that provides plenty of natural light; the lobby is almost 40 feet wide; there are two stairwells, one on each side of the building; the material wrapped around the columns are metal; and there is use of wallpaper in the design only in the bathrooms.
