Briefly describe your work/volunteer experience: I am a billing supervisor for ThyssenKrupp Elevator, and have been working for this company for approximately 8 years. I was an active volunteer for a program in Los Angeles called Big Sunday for about 5 years prior to moving out of state.

What do you consider to be your greatest strengths that you would bring to a board or commission? I have a background in construction and development from the business side, and believe that would be beneficial to serving on the Development Authority. A personal strength is my flexibility to handle change. As a billing supervisor I have been a change champion in an ever-changing environment while developing and fostering a supportive team environment.

Why do you want to serve on a board or commission? I have enthusiasm for servant leadership and an eagerness to help drive positive changes in our community. I plan to be a long-time resident of Powder Springs and am excited for the opportunity to be involved with future development and growth.

Most Powder Springs Boards and Commissions meet monthly; will you be able to commit to attending scheduled meetings and other board activities as needed? Yes
