Subject: Proposal for Landscaping of the Downtown Park

Purpose: To present to the city council a proposal by Land Care for the weekly mowing and landscaping of the Downtown Park.

Background: As the Downtown Park nears completion and is turned over to the city, staff has received proposals from 3 vendors to begin weekly servicing of the Downtown Park. The items required for the park include:

1. 2x per week mowing during growing season with treatments for weed control and pesticides
2. Full Mulch Applications
3. Irrigation service, inspections, and start up/shut down

Responses were received by Land Care, Allstar Landscaping, and RID Services. Only Land Care had the resources available to meet the requirements needed to properly maintain the park.

Funding: The bid submitted by Land Care was \$17,475 annually or \$1,456.25 monthly

Recommendation: That the city council approves the proposal submitted by Land Care and adds this park into the approved properties already under contract with the city.
