

the
CLASSIC
line of human cremators

From North America's fastest growing cremator manufacturer

The Classic
Standard size cremator that outperforms
any other unit in its price range

Classic PLUS
Outstanding performance
in a mid-size cremator

Classic X-CEL
The industry's high
performance leader

All "Classic" models are fully automatic with a unique no cool-down feature for increased daily throughput, shorter cremation cycles, reduced fuel consumption and the capacity to cremate large and obese cases up to 1000 pounds.
