Planning Manager Shaun Myers presented an overview of the planning matter noting

that the Cultural Arts Commission, Planning and Zoning Commission, and staff all recommend approval with the five conditions noted.

Applicant Tina Thomas stated she had nothing additional to add to Mr. Myers' overview. She stated she was aware and agreed to all five included conditions.

A motion to Approve, with the following conditions:

1. The property owner shall maintain the dog statue in good condition and perform quarterly inspections and prompt touchups when necessary. This includes keeping the sculpture free of rust, structural damage, graffiti, or any other form of deterioration.
2. The applicant shall insulate, wrap, or otherwise provide additional protection to the exposed rebar mount at the base of the statue. The protrusion is minor, however, addressing it will reduce the potential safety risk to individuals interacting with the artwork.
3. If the artwork becomes significantly damaged or compromised, the property owner shall promptly restore it to a condition consistent with its originally approved design. Any substantial changes to the appearance or materials of the artwork will require additional review and approval by the City.
4. The property owner shall appear before the City Council for recertification no later than two (2) years from the date of the final approval of the dog statue.
5. The applicant agrees that the appeal, case number PZ24-011, is withdrawn. This appeal was related to the Community Development denial of a design review for the dog statue, prior to the city's adoption of a public art ordinance.
